The LEADERSHIP ARCHITECT® Suite Multi-Rater Survey

Please click one of the links to access the survey:

List of Learners

[Sample Learner Voices](#)
[Chris Sample Voices](#)

List of surveys

- ◆ Raters click on the name of the learner they want to rate (or a self survey) to start the survey.

The VOICES® Rater Experience:

- ◆ The first screen is an introduction to the process – explaining how to complete the survey:

The screenshot shows a Microsoft Internet Explorer browser window titled "LEADERSHIP ARCHITECT™ VOICES". The address bar displays the URL: <https://survey.lominger.com/Voices/action/welcome?company=715004&languageId=ENG&productType=LSA&surveyId=sample%2B%2B%2B%2B%2B%2B%2B030523>. The main content area is titled "The LEADERSHIP ARCHITECT® Suite Multi-Rater Survey" and includes a "Help" link. Below the title is a language dropdown menu set to "English". The main text reads: "Welcome to VOICES®: The FEEDBACK ARCHITECT, a 360° assessment tool. You are one of the several people being asked to rate: Chris Sample. Your answers are confidential and will be combined with other ratings to provide feedback to this person. Please complete by: 05-31-2003. Our goal is simple: To give the person you are rating a thorough assessment of his/her strengths and development needs. To do this, you will need to think and rate differently. This is not a performance assessment - everyone, good and struggling alike, has strengths and needs. This is how we want you to do your rating: This person who has asked you to fill out this survey wants and needs your honest appraisal. He/She is committed to grow and develop - but cant do that without your help. Please complete this survey as you really see it. This instrument can take up to an hour to complete thoroughly, and is probably not worth doing if you barely know the person." At the bottom of the content area are two buttons: "Overview of System" and "Proceed". A large green arrow labeled "Overview" points to the "Overview of System" button, and another large green arrow labeled "Proceed" points to the "Proceed" button. A copyright notice at the bottom reads: "© 1993-2002 MICHAEL M. LOMBARDO and ROBERT EICHINGER All rights reserved".

- ◆ From here the rater can access the Overview (survey help) or proceed to start the survey.

The VOICES® Rater Experience:

- ◆ If the relationship of the rater to the learner is not pre-coded (by the VOICES Administrator or Survey Center), the rater is asked to identify their relationship.

- ◆ Are they the learner's boss, peer, direct report, customer or other (the latter being a general relationship not already defined)?

The VOICES® Rater Experience:

- ◆ **The rater is asked to confirm their relationship selection:**

- ◆ **If the rater's relationship to the learner has been pre-coded, the rater moves directly to the rating screen and does not see the screens noted above.**

The VOICES® Rater Experience:

- ◆ The rating screen always contains the skill rating (left). The importance rating (right) is optional.

The screenshot shows the LEADERSHIP ARCHITECT® Suite Multi-Rater Survey interface. The browser window title is "LEADERSHIP ARCHITECT™ VOICES - Microsoft Internet Explorer". The page content includes a navigation menu on the left with options like "Help", "English", "General Notes", "Take A Break", "Review Ratings", and "Restart". The main content area is titled "Chris Sample" and contains a "Personal Disclosure" section. Below this, there are two columns of radio button options for rating a learner's competency and its importance. The left column asks "How would you describe/rate the Learner on this competency?" and the right column asks "How important is this competency for success in this position?". A large green arrow points from the left side of the browser window to the left column of options, and another large green arrow points from the right side of the browser window to the right column of options. At the bottom of the form, there is a text box for "Add Notes", an "Answer Later" button, a "Progress: Unrated 67" indicator, and a "Proceed" button. The footer of the page reads "© 1993-2002 MICHAEL M. LOMBARDO and ROBERT EICHINGER All rights reserved".

- ◆ Select the rating by clicking on the button next to the correct scale point.

The VOICES® Rater Experience:

◆ The general notes link allows raters to add broad notes not linked to a specific competency.

The VOICES® Rater Experience:

- ◆ As the rater progresses through the survey, they will be able to see the distribution of their responses.

The purpose is to help raters become more conscious of spreading out their ratings, rather than using only one or two points on the scale.

The screenshot displays the LEADERSHIP ARCHITECT VOICES Multi-Rater Survey interface. The browser window title is "LEADERSHIP ARCHITECT™ VOICES - Microsoft Internet Explorer". The address bar shows the URL "https://survey.lominger.com/Voices/action/answerItem". The page content includes a header for "Chris Sample" and a description of "Caring About Direct Reports". Below this, there are two columns of rating questions. The first column asks "How would you describe/rate the Learner on this competency?" and the second column asks "How important is this competency for success in this position?". Each question has a list of radio button options and a horizontal bar representing the distribution of previous responses. A legend indicates that the blue bars "Reflects scoring distribution of your prior responses." Below the questions is a text box for "Add Notes: Type directly into the box. DO NOT COPY AND PASTE". At the bottom, there are buttons for "Answer Later" and "Proceed", along with a progress indicator showing "Unrated 51". The footer contains the copyright notice: "© 1993-2002 MICHAEL M. LOMBARDO and ROBERT EICHINGER All rights reserved." Two large green arrows point downwards from the top of the page towards the two columns of rating questions.

The VOICES® Rater Experience:

- ◆ There is a review feature that the rater can access at any time. It shows a summary of their responses and any notes that have been added.
- ◆ At the end of their survey, the rater is offered the opportunity to print the review pages prior to submitting the completed survey.

The screenshot shows a web browser window titled "LEADERSHIP ARCHITECT™ VOICES - Microsoft Internet Explorer". The address bar displays "https://survey.lominger.com/Voices/action/ItemReview". The page content is divided into two main sections: a left sidebar and a main review area.

Left Sidebar: Contains the text "The LEADERSHIP ARCHITECT® Suite Multi-Rater Survey" and a vertical menu with options: "Help", "English" (with a dropdown arrow), "General Notes", "Take A Break", and "Restart".

Main Review Area: Titled "Review Ratings", it includes a "Close Review" link and a "Printable Survey" link with a printer icon. Below this, it displays "Rating Chris Sample. Please complete by: 05-31-2003". The review is organized by competency, with each section including a "Go To Rating" link:

- Competency:** Action Oriented (Go To Rating)
- Skill:** (blank) **Importance:** (blank)
- Competency:** Dealing with Ambiguity (Go To Rating)
- Skill:** Skilled/OK **Importance:** Useful/Nice to Have
- Competency:** Approachability (Go To Rating)
- Skill:** (blank) **Importance:** (blank)
- Competency:** Boss Relationships (Go To Rating)
- Skill:** (blank) **Importance:** (blank)

The browser's status bar at the bottom shows "Done".

The VOICES® Rater Experience:

- ◆ **Raters can take a break at any time during the process.**
- ◆ **Responses are saved to a secure database throughout the rating process. If a rater loses their Internet connection at any point in the process, their responses have been saved. To continue and complete the survey, the rater simply logs back in using the same method they initially followed.**
- ◆ **When raters submit a survey, it is automatically encrypted and returned to the survey administrator to be read into the system.**
